17 Jan 2007

CS CIRCULAR NO. 3/2007

To: All Registered Surveyors

DELETION AND REVISION OF NON-GAZETTED FEES 2007

1. The following non-gazetted fee items have been reviewed and would be deleted, revised or collapsed with effect from 1 Feb 2007:

(a) Fee Deletion

<i>Service</i>	<i>Reason</i>
Supply of resurvey data	Survey Services no longer provide such services.

(b) Fee Revision

<i>Service</i>	<i>Fee payable</i>
Replacement of entry pass	
For replacement of entry pass issued to registered surveyors and authorised assistants for purpose of land survey	\$25 per replacement (Excl. GST)

(c) Fee Collapse

For simplicity, the 2 related fee items, namely "Resubmission of Application and Submissions" and "Investigation & Rectification of Error on Approved Survey Records" would be collapsed and re-worded to read as:

<i>Service</i>	<i>Fee payable</i>
Fee for resubmission of job or rectification of error	\$210

2. Introduction of New Fee Item

Presently, there is no fee payable to update the status of lot numbers to 'live' in the Lot Base System (LBS) when the request is submitted simultaneously with the application of lot numbers. However, for any delayed request, a fee of \$173.25 is payable. This process for both simultaneous and delayed requests to enable property buyers to lodge caveats with our Registration Services requires additional work after the lot numbers were released and the submission closed in our production system. Effective 1 Feb 2007, the fee payable for any request to update the lot status to 'live' upon correlation of property addresses with the new lot numbers under the new fee item would be as follows:

<i>Service</i>	<i>Fee payable</i>
Activation of caveat lot numbers	\$105

3. The updated list of non-gazetted fee items payable to Singapore Land Authority would be available in the next review of the CS Directive on Cadastral Survey Practices at the SLA website at www.sla.gov.sg.

A handwritten signature in black ink, appearing to read 'Richard Ho', with a stylized flourish at the end.
